

Ragdale Hall

Case Study

- **LOCATION:** Leicestershire
- **PRODUCT:** Fan Coil Units
- **TYPE:** Highline 260i Waterside
- **QUANTITY:** 10
- **CLIENT:** Ragdale Hall Health Hydro
- **CONTRACTOR:** Rotrax Engineering Services

Diffusion has successfully supplied the prestigious Ragdale Hall Health Hydro with ten Highline Waterside Fan Coil Units for their refurbished gym extension. The Highline units were all ceiling mounted to maximise usable floor space, enabling guests to keep cool whilst working out.

Our superior range of equipment has been designed with discretion in mind, extensive research has enabled Diffusion to produce units with remarkably low noise levels.

Advantages of Highline Waterside are:

- Low noise levels
- Easy to commission and to install
- Multi spigot outlet
